

A crisis can happen anywhere, anytime and...

Implementing Trinity will promote the safety and welfare of students and faculty, protect school property, and regulate the operations of the school during an unexpected crisis situation. Trinity enables staff to quickly identify, confront, and resolve unexpected crisis situations.

Be prepared to manage the unexpected.

- ✓ Prepares students and staff to take appropriate actions in response to a natural, technologic, or school specific crisis
- ✓ Real time accounting of students in a crisis situation
- ✓ Ensure faculty/staff correctly adheres to emergency procedures
- ✓ Real time communication among faculty/staff during a crisis situation
- ✓ Real time communication with first responders
- ✓ Automated notifications to staff, faculty, parents, and students
